## From the Principal's desk

Welcome Back!

Summer is almost over and the new school year is just around the corner. The teachers are just finishing up their summer classes and prepping to start teaching. We have several events coming up to start the year.

On August 5 – 8 we are having Math and English testing and registration for new students. The sponsors for Student Association and Campus Ministries will be meeting with student leaders to make the final plans for the start of the school year and begin working on activities for the student body this year. School will be starting on August 20.

This summer we have had two alumni events and are planning events every quarter for the rest of this school year. Last year we began the process of providing more advanced programs to students as well as more counseling and better guidance. This year we will be working on providing more after school programs for spiritual, social and academic growth and support for our students.

It will be a busy year but we look forward to working with the student leaders to provide the best school year possible for our students and parents!

## IMPORTANT DATES

## This Summer

This July, we hosted a 3-on-3 Basketball Night for alumni, students, family and friends. With a turnout 8 teams and approximately 50 guests, we had fun with ice cream, snacks and socializing. Stay tuned for more fun events to come this school year!
